PERSONAL SUMMARY

Creative software engineer with 8+ years of experience.

As a talented and hardworking developer, I always stick to a result-driven working manner with great attention to detail, periodic thorough code review, and critical thinking.

The best quality, accurate timeline, free and polite after-service are what I guarantee to my clients.

WORK HISTORY

SENIOR BLOCKCHAIN DEVELOPER

Remote 10/2020- Present

Refinable is a decentralized multi-chain NFT marketplace for users to trade items from across the metaverse. Discover, Trade, and Create NFTs from the best and upcoming projects and collections on Ethereum, Solana, Binance Smart Chain, and Polygon.

- Built the first biggest NFT Marketplace of digital art on Binance Smart Chain using ERC-721 for single and ERC-1155 for multi NFT and BEP-20 for governance token.
- Developed whole smart contracts from scratch and past the Audit from SlowMist.
- Built token bridge between Binnance and Ethereum so that users are able to migrate their NFTs from ETH to our platform.
- Implemented basic functionalities of NFT marketplace such as sale, auction, airdrop and used proxy for service fee calculation.
- Implemented NFT fractionalization so that users are able to co-won NFT and decide further steps like sale, auction, airdrop together.
- Developed on-chain & off-chain governance protocol with FINE token so that users are able to tomake decision of adding new features and modifying current functionalities of platform.

Key Achievements: NFT Sale, Airdrop, Service Fee, Auction, NFT Fractionalize, NFT Bridge, Governance

PROJECT MANAGER

DelifreshEU Company 04/2021- 09/2021 <https://shopee.getmoresell.com>

Built the Shopee product sale boosting site based on Thailand with Shopee API integration and GB Prime payment gateway integration.

- Use the robust structure of Laravel PHP framework and Vue.js for elegant and flexible UX/UI design.
- Provide CI/CD and solid infrastructure for maintaining and updating continuously, Landing page's loading speed optimization, SEO friendly, perfect accessibility and separate dashboard codebase from landing page and use subdomain for dashboard codebase so that provide highly performance and security.
- Shopee product boosting / bumping service without clicking "boost" button in every 20 minutes manually, this sites' goal is Automatic boosting and bumping service by using Shopee open API.
- Supporting 3 kind of payment method: Credit/Debit Card, QR Code, TrueMoney wallet.

ACADEMIC BACKGROUND

Bachelor of Computer Science
Chulalongkorn University, Malaysia
2009 - 2013 (4 years)

CERTIFICATIONS

Certificate of Completion

Udemy

2020

This is to certify that Vue Long successfully completed 80 hours of Node with React: Fullstack Web Development online course on Dec 15, 2020

Graduate

Comsats Institute of information
Technology
2013

Graduated as an IT student with excellent academic records throughout.

WHAT I'M PROUD OF

My Courage

To always leave my comfort zone. I'm not afraid to do whatever I need to do to achieve my goals!

My Competitive Effort

I can't stand to be behind of someone and like to be in front of him.

My Focus & Persistence

Despite any hard situation, I keep my focus on my goals and always move towards them.

Keeping Good Relationship

I like to be a right-hand man regarding all the aspects.

WORK HISTORY

SENIOR FRONTEND DEVELOPER
